

A Research Experiences for Undergraduates Program (REU) in Summer 2012

LA-SiGMA will host 30 students at 6 sites, they will join faculty members to conduct research in one of LA-SiGMA's four focus areas:

- Electronic materials
- Energy materials
- Biomolecular materials
- Cyberinfrastructure

Students applying for this REU must be:

- Interested in a science or engineering major, with an interest in materials science
- Considering a career in research and/or graduate school in your major
- US citizens or Permanent Residents

•For more information, visit our website at:

<http://reu.lasigma.loni.org/>

•Contact Leigh Townsend with questions at lgalat1@lsu.edu or (225) 578-5381

About the program:

- REU lasts 9 weeks(dates vary, but most run from May 29-July 28)
- Participants receive a \$4500 stipend, a \$400 travel allowance, and on-campus housing

LA-SiGMA is supported by the National Science Foundation award number #EPS-1003897.
